- ▶ X-Sight ONE comes with industrial camera, lens, monochromatic LED light, USB relay for light controlling, calibration grid, data cable, power supply, installation medium and HW licence key
- ▶ Axial or Transversal software module and one year of TECS included
- ▶ Multicamera set-ups include the multicamera module

HT
Optical extensometer for
high-temperature applications

Product	Resolution [MPx]	Frame rate @ full resolution [Hz]	Interface	Resolution [µm]*	Measurement length [mm]	Working Distance [mm]	Light	Dimensions [mm]	Lens type	Weight [kg]
HT	5.0	75	USB 3.0	<0.5	47	262 ± 1%	SLG-N	253×136×71	Telecentric	1.7

^{*}At room temperature. Resolution at elevated temperature is highly affected by boundary conditions (vibrations, air turbulence).

- ▶ X-Sight HT comes with 5 MPx industrial camera, lens, monochromatic spot light, USB relay for light controlling, calibration grid, data cable, power cable, power supply, installation medium and HW licence key
- ▶ Axial software module and one year of TECS included

HT

ST-HT

Universal semi-telecentric high-temperature optical extensometer

Product	Resolution [MPx]	Frame rate @ full resolution [Hz]	Interface	Light	Weight [kg]	Lens type

140	0.504	17	14

- ➤ X-Sight ST-HT comes with 5 MPx industrial camera, lens, monochromatic spot light, USB relay for light controlling, calibration grid, data cable, power cable, power supply, installation medium and HW licence key
- Axial software module and one year of TECS included

ST-HT

OPTICAL EXTENSOMETERS

Software modules, Technical Enhancements & CustomerSupport (TECS) for optical extensometers

Optical extensometer S	W modules Description					
A	Axial Strain Module					
Т	Transversal Strain Module					
AT	Axial&Transversal Strain Module					
DIC	DIC Area Module with Post-Process					
PP	Data Post-Process Module					
3D	3D DIC Stereoscopic Module					
3D VE FULL	3D Stereoscopic functionality for line based probes					
3D VE PLANAR	3D planar stereoscopic functionality					
AL-Up	Upgrade A to AT or T to AT SW module					
AL-TR	Torsion Measurement Upgrade					
мс	Multi Camera					
DIN	Device Input					
ІТТ	Intelligent Tensile Testing (includes ROD line)					
LVD	Line Value Distribution					
CL	Crack Length					
ВТ	Bridge visualization					
RD	Research and development features					

"The X-Sight BOX and License fee for SW-only modules bundle. Applicable once when buy any combination of SW modules. Includes box, Annual TECS USB dongle, 100 mm and 200 mm grid."

TECS*	Description
Annual TECS	Sensor 2D/3D real time measurements only
Two-Year TECS	Sensor 2D/3D real time measurements only
Three-Year TECS	Sensor 2D/3D real time measurements only
Four-Year TECS	Sensor 2D/3D real time measurements only
Five-Year TECS	Sensor 2D/3D real time measurements only
Annual TECS	Sensor 2D/3D real time + post process software
Two-Year TECS	Sensor 2D/3D real time + post process software
Three-Year TECS	Sensor 2D/3D real time + post process software
Four-Year TECS	Sensor 2D/3D real time + post process software
Five-Year TECS	Sensor 2D/3D real time + post process software
·	

UPDATE only**

DIC SOFTWARE

Digital Image Correlation software, Technical Enhancements & Customer Support (TECS)

Digital Image Correlation software (DIC)	description			
BOX-PRO-kit	X-Sight DIC custom kit professional, includes perpetual BOX software, two callibration grids and one year of TECS			
SW perpetual only	HW bundle and upgrades or updates of X-Sight systems			
Additional USB post dongle Additional post license for posprocessing				
SW LITE perpetual only	DIC Area functionality excluded			
TECS and subscription	description			
Annual TECS	Technical Enhancements for one year, securing new updates and functionalities and customer support (email, online, phone).			
Annual subscription	One-Year subscription			
Annual subscription Triennial subscription	One-Year subscription Three-Year subscription
